Picture Yourself Here....

We love the idea of a wedding celebration that's a more than just a 5 hours package...

Picture this:

Arrive on Friday with your closest friends and relatives, start getting organised and setting up your space. Head to the hills for an picnic with a 360 degree view and spend the evening at our rustic bar.

On Saturday morning, take the time to finish the last details for your ceremony and reception and get dressed all together for your wedding.

In the afternoon, invite the rest of your guests to join you, get married at the location of your choice and return to our reception area to kick start the party.

Finish the night around the bonfire before rolling into bed.

Wake up Sunday morning, enjoy a recovery breakfast and spend some extra time to catch up with your guests. Head home or spend the afternoon playing lawn games and having one last drink.

The venue is beautiful - it's rustic and modern set on the most tranquil & beautiful property. We were so thrilled to have been able to offer such a unique experience to all our wedding guests. The view of the lake in the morning was stunning. I'm so happy with the whole experience. From the bottom of our hearts, thank you Rob & Flo.

- Alicia

Our wedding at the Bonfire Station was so much fun. Our guests loved spending the entire weekend at this gorgeous farmstay with us. It is so affordable, fun, family friendly and the scenery is stunning. Two days after our wedding & we're all already talking about our 1 year anniversary!
